\*Some work schedules must deviate from the typical calendar (e.g., being present to feed lab animals during holidays, working on weekends or at night, residence hall assignments, etc.). In such cases, the work schedule must be provided to the student and filed in the Graduate School. Graduate Assistants whose duties require them to work beyond the stated work deadlines should be clearly compensated at a rate higher than that of the typical assignment.

Please Note: Supervisors are not allowed to deviate from this work unless this has been cleared by the Graduate School at the point of issuing a student's contract.
