PLANS OF STUDY (for those beginning programs before Fall 2024)

If changes were made to the original master's Plan of Study, a revised Plan of Study must be submitted to The Graduate School <grsenrol@uncg.edu> by the end of the third week of classes (September 4th). A Plan of Study is also required for all certificate programs. Degree/certificate audits will not be processed until a Plan of Study has been received.

DegreeWorks (for those starting Fall 2024 or later)

You will use DegreeWorks rather than a plan of study. Please ensure your DegreeWorks is accurate by reviewing it and getting in touch with your advisor about any missing/incomplete sections. Your advisor should submit a Curriculum Modification form by the end of the third week of classes (September 4th).

THE PREPARATION OF THESES AND DISSERTATIONS

Our detailed templates are intended to lend a uniform appearance to theses and dissertations at The University of North Carolina at Greensboro and must be followed by all disciplines. While it is recognized that papers from divergent areas of study will exhibit differences, certain requirements of format are necessary.

You can find our templates and other relevant information here: <https://grs.uncg.edu/enrolled/etd/>
